To

Govt. of H.H. the Maharaja of Mysore

Dated Bangalore, 28th May 1918

Sir,

The question of the continued rise in the prices, in the civil and military station of Bangalore, of certain necessaries of life such as kerosine oil, fire-wood, food grains & has been under consideration for some time past. The situation of the station renders it imperative that the local authorities should work in this respect in close co-operation with the authorities in the city of Bangalore. The Collector has, in informal consultation with the Dewan's Deputy Director of Commerce, drawn up a

note on the subject, and, in enclosing a copy thereof, I am to request that the Honble the Resident may kindly be favoured, as soon as is conveniently possible, with the views of the Durbar on the various proposals put forward therein so far as they affect the Durbar. In the meantime application has been made to the Government of India to notify kerosine oil as under control in the Civil and Military Station of Bangalore.

2. The Honble the Resident trusts that, in the special circumstances of the case, the Durbar have no objection to the Collector of the Civil and Military Station having consulted informally their Dy Director of Commerce or to his continuing to do so.

I have the honour
to be, Sir,

CONFIDENTIAL.

Letter No. 77, dated the 20th June 1918, from the Collector, Civil & Military Station, Bangalore, to the First Assistant to the Hon'ble the Resident in Mysore, Bangalore.

---:0:---

I request you will address the Durbar on the subject of the representation on their advisory committee of the Civil and Military Station. I make the request on the two grounds that the interests of the two areas are closely connected and that for the present it does not appear to me necessary that the Civil and Military Station should act independently in regard to railway traffic. I understand that ~~the~~ steps have been taken to ascertain whether the Communications Board can place the Mysore Controller on an equal footing with Controllers in other provinces in the matter of priority certificates. If this power is given and the Durbar are prepared to exercise it on behalf of the Civil and Military Station also, on the basis of the advisory committee's advice, I do not think it necessary that the Collector should be separately empowered. I am not aware of the composition of the advisory committee but in addition to myself I should like one or two merchants (whatever appears proportionate) to be coopted; their nomination to rest with the Resident.
